Cloudwish*
Fiona Wood

For *Vân Uoc Phan*, fantasies fell into two categories: *nourishing, or pointless. Daydreaming about Billy Gardiner, for example? Pointless. It always left her feeling sick, as though she'd eaten too much sugar. And there was zero chance of a pay-off, because it was a truth universally acknowledged that he only ever went out with girls like Pippa or Tiff or Ava.* Vân Uoc Phan, a scholarship student, has always believed in keeping a low profile: real life will start when school finishes. But when she attracts the attention of popular Billy Gardiner, she finds herself in an unwelcome spotlight. As she struggles to reconcile fantasy Billy with real Billy, she is also grappling with the growing suspicion that she may have accidentally wished his affection into existence. But that can't possibly have happened, can it?

The Keeper*
David Baldacci

Master storyteller David Baldacci is back with **The Keeper**, the follow up to his instant #1 global bestseller and award-winning YA fantasy debut **The Finisher**. Vega Jane was always told no one could leave the town of Wormwood. She was told there was nothing outside but the Quag, a wilderness filled with danger and death. And she believed it until the night she stumbled across a secret that proved that everything she knew was a lie. Now Vega and her best friend Delph must find a way to make it across this terrifying land of bloodthirsty creatures and sinister magic. But the Quag is worse than Vega Jane's darkest imagining. It's a living, breathing prison designed to keep enemies out and the villagers of Wormwood in. The Quag will throw everything at Vega. It will try to break her. It will try to kill her. And survival might come at a price not even Vega is willing to pay.

The Thing About Jellyfish
Ali Benjamin

Suzy is 12 when her best friend, Franny, drowns one summer at the beach. It takes two days for the news to reach Suzy, and it's not something that she can accept: Franny has always been a strong swimmer, from the day they met in swim class when they were just 5. How can someone all of a sudden, just no longer be there? Suzy realizes, they must have got it wrong: Franny didn't just drown - she was stung by a poisonous jellyfish. This makes a lot more sense to Suzy's logical mind than a random drowning - cause: a jellyfish sting; effect: death. Suzy's journey to acceptance is quiet - she resolves to either say something important, or say nothing at all. But it's also bursting with bittersweet humour, heart-breaking honesty, big ideas and small details.
