What I Know for Sure

Oprah Winfrey

In the first issue of *O, The Oprah Magazine*, Oprah wrote: 'We are all the causes of our own effects . . . That's why I'll never stop asking the question, "What do you know for sure?'" In the fourteen years since Oprah wrote those words, she has retired *The Oprah Winfrey Show*, launched her own television network, become America's only black billionaire, lost beloved pets and adopted new ones, watched friends and colleagues come and go, celebrated milestone birthdays - and through it all, she's continued to offer profound and inspiring words of wisdom in her monthly *O* column, 'What I Know For Sure'. Now, for the first time, these thoughtful gems have been revised, updated and collected in **What I Know For Sure**, a beautiful book packed with insight and revelation from Oprah Winfrey. Organized by theme, these essays offer a rare and powerful glimpse into the mind of one of the world's most extraordinary women.

Aaron Blabey

At last, a baby book for Dad. And a **BABY BOOK** new dads will actually want to read because: *It only has 498 words. *It has lots of pictures that explain things like, why parenting can feel like climbing a rock face with a 1000 kg-load strapped to your back. *It mentions sore nipples, but doesn't dwell on them. *It shows you what to do if your toddler throws a hairdryer into the bath. *It knows that you really love your kid, even though you NEED to stop talking about organic carrots, car seats and baby poo. Beautifully illustrated, funny and furiously fast to read, this is the perfect gift to help new dads rise above the tidal wave of early fatherhood.

The Ghosts of Roebuck Bay*

Ian Winton Shaw

The Japanese attack on Broome is the second most deadly air raid on Australian soil in our history and yet it's almost entirely overlooked. On 3 March 1942, nine Japanese Zero planes strafed the small town planning to destroy the aerodrome and American planes. With no notice, the townsfolk could only put up minimal opposition and in an attack that lasted only an hour, almost one hundred men, women and children lost their lives. Not a single operational aircraft remained in Broome, but the shocking loss of human life can never be truly calculated. **The Ghosts of Roebuck Bay** tells the story of this tragedy, shining light on a story that has slipped through the cracks of history. A captivating tale of refugees and soldiers, of reputations made and lost, of survival and spirit that resonates to today.

Memoirs of a Chinese Dissident

Chen Guangcheng

It was like a scene out of a thriller: one morning in April 2012, China's most famous political activist - a blind, self-taught lawyer - climbed over the wall of his heavily guarded home and escaped. For days, his whereabouts remained unknown; after he turned up at the American embassy in Beijing, a furious round of high-level negotiations finally led to his release and a new life in the United States. Chen Guangcheng is a unique figure on the world stage, but his story is even more remarkable than we knew. The son of a poor farmer in rural China, blinded by illness when he was an infant, Chen was fortunate to survive a difficult childhood. But despite his disability, he was determined to educate himself and fight for the rights of his country's poor, especially a legion of women who had endured forced sterilizations under the hated 'one child' policy.

The Ancient Paths

Graham Robb

Graham Robb's new book will change the way you see European civilization. Inspired by a chance discovery, Robb became fascinated with the world of the Celts: their gods, their art, and, most of all, their sophisticated knowledge of science. His investigations gradually revealed something extraordinary: a lost map, of an empire constructed with precision and beauty across vast tracts of Europe. The map had been forgotten for almost two millennia and its implications were astonishing. Meticulously researched and rich in revelations, *The Ancient Paths* brings to life centuries of our distant history and reinterprets pre-Roman Europe. Told with all of Robb's grace and verve, it is a dazzling, unforgettable book.

Danubia

Simon Winder

For centuries much of Europe was in the hands of the very peculiar Habsburg family. An unstable mixture of wizards, obsessives, melancholics, bores, musicians and warriors, they saw off - through luck, guile and sheer mulishness - any number of rivals, until finally packing up in 1918. From their principal lairs along the Danube they ruled most of Central Europe and Germany and interfered everywhere - indeed the history of Europe hardly makes sense without them. Simon Winder's extremely funny new book plunges the reader into a maelstrom of alchemy, skeletons, jewels, bear-moats, unfortunate marriages and a guinea-pig village. *Danubia* is full of music, piracy, religion and fighting.

LOSE THE WEIGHT, LOSE THE BELIEFS AND FIND YOUR PATH BACK TO HEALTH

WHEAT BELLY
WILLIAM DAVIS, MD

A renowned cardiologist explains how eliminating wheat from our diets can prevent fat storage, shrink unsightly bulges, and reverse myriad health problems. Every day, over 200 million Americans consume food products made of wheat. As a result, over 100 million of them experience some form of adverse health effect, ranging from minor rashes and high blood sugar to the unattractive stomach bulges that preventive cardiologist William Davis calls "wheat bellies." According to Davis, that excess fat has nothing to do with gluttony, sloth, or too much butter. It's due to the whole grain wraps we eat for lunch.

The inspiring and thrilling combat memoir of the only Army Ranger serving in direct combat operations with a prosthetic limb. On October 3, 2005, Kapaczewski and his soldiers were coming to the end of their tour in Northern Iraq when their convoy was attacked by enemy fighters. A grenade fell through the gunner's hatch and exploded, shattering Kapaczewski's right leg below the knee, damaging his right hip, and severing a nerve and artery in his right arm. He endured more than forty surgeries, but his right leg still wasn't healing as he had hoped, so in March 2007, Kapaczewski chose to have it amputated with one goal in mind: to return to the line and serve alongside his fellow Rangers. One year after his surgery, Kapaczewski accomplished his goal: he was put back on the line, as a squad leader of his Army Ranger Regiment.

THE RESTORATION OF ROME
Peter Heather

In 476 AD the last of Rome's emperors was deposed by a barbarian general, the son of one of Attila the Hun's henchmen, and the imperial vestments were despatched to Constantinople. The curtain fell on the Roman Empire in Western Europe, its territories divided between successor kingdoms constructed around barbarian military manpower. But if the Roman Empire was dead, the dream of restoring it refused to die. In many parts of the old Empire, real Romans still lived, holding on to their lands, the values of their civilisation, its institutions; the barbarians were ready to reignite the imperial flame and to enjoy the benefits of Roman civilization, the three greatest contenders being Theoderic, Justinian and Charlemagne.

Good Manners for Nice People Who Sometimes Say F*CK

Amy Alkon

We live in a world that's very different from the one in which Emily Post came of age. Many of us who are nice (but who also sometimes say "f*ck") are frequently at a loss for guidelines about how to be a good person who deals effectively with rudeness. To lead us out of the miasma of modern mannerlessness, science-based, biting funny syndicated advice columnist Amy Alkon rips the doily off the manners genre and gives us a new set of rules for our 21st century lives. With wit, style, and a dash of snark, Alkon explains that we now live in societies too big for our brains, lacking the constraints on bad behavior that we had in the small bands we evolved in. She shows us how to reimpose those constraints, avoid being one of the rude, and stand up to those who are.

The Real Crash

Peter Schiff

Peter D. Schiff has fully revised and updated his provocative *New York Times*, *Wall Street Journal*, and USA Today bestseller *The Real Crash*. First published in 2012, *The Real Crash* argues that America is enjoying a government-inflated bubble, one that reality will explode... with disastrous consequences for the economy and for each of us. Since 2012, what has happened with our economy? The stock market continues its illusory gains, the Fed "tapers" while some jobs return, and yet the fundamental threat to our way of life has only grown worse - much, much worse. The United States government nearly defaulted on its debts and the solution was to raise the debt limit - to spend yet more money, to go even deeper in hock to China, and to burden every American with obligations that are impossible to repay.

In modern times, Walter is a devoted husband and father-of-three. Yet few artists have walked a rockier road to enlightenment. Here, for the first time ever, Walter gives his own frank, unflinching and dazzlingly funny account of his chequered life and times. It's all here: the hits, misses, homelessness, death threats, deals-gone-bad, bust-ups and comedowns. *Rescued From Reality* is the result of 30-plus hours of interviews with Walter, and combines the bandleader's extraordinary testimony with never-before-seen photos from his personal archive. Equal parts thriller, romance, suspense and horror, it's a page-turner you won't be able to put down.
