The Divine Comedy

Clive James, Dante Alighieri

The Divine Comedy is the precursor of modern literature, and Clive James's new translation - his life's work and decades in the making - presents Dante's entire epic poem in a single song. While many poets and translators have attempted to capture the full glory of *The Divine Comedy* in English, many have fallen short. Victorian verse translations established an unfortunate tradition of reproducing the sprightly rhyming measures of Dante but at the same time betraying the strain on the translator's powers of invention. For Dante, the dramatic human stories of Hell were exciting, but the spiritual studies of Purgatory and the sublime panoramas of Heaven were no less so.

Stories of Your Life and Others

Ted Chiang

With his masterful first collection, multiple award-winning author Ted Chiang deftly blends human emotion and scientific rationalism in eight remarkably diverse stories, all told in his trademark precise and evocative prose. From a soaring Babylonian tower that connects a flat Earth with the firmament above, to a world where angelic visitations are a wondrous and terrifying part of everyday life; from a neural modification that eliminates the appeal of physical beauty, to an alien language that challenges our very perception of time and reality ... Chiang's rigorously imagined fantasia invites us to question our understanding of the universe and our place in it.

Peter F. Hamilton

Born in a colony world in 2310, Lawrence Newton hankered after the golden era of starships exploring the galaxy. But the age of human starflight was drawing to a close, so this hot-headed teenager ran away from home in search of adventure. 20 years later, he's the sergeant of a washed-out platoon taking part in the bungled invasion of another world. The giant corporations call such campaigns 'asset realization', but in practice it's simple piracy. While he's on the ground, being shot at and firebombed by local resistance forces, Lawrence hears stories about the Temple of the Fallen Dragon - and a sect devoted to the worship of a mythical creature that fell to the ground millennia ago. More importantly, its priests are said to guard a hoard of treasure large enough to buy lifelong happiness - which information prompts him to mount a private enterprise operation of his own.

Our Souls at Night

Kent Haruf

Addie Moore's husband died years ago, so did Louis Waters' wife, and, as neighbours in Holt, Colorado they have naturally long been aware of each other. With their children now far away both live alone in houses empty of family. The nights are terribly lonely, especially with no one to talk to. Then one evening Addie pays Louis an unexpected visit. Their brave adventures, their pleasures and their difficulties form the beating heart of **Our Souls at Night**. Kent Haruf's final novel is an exquisite and moving story about love and growing old with grace. It is a lasting tribute to the extraordinary author who wrote it.

Trial of Intentions (Vault of Heaven)

Peter Orullian

The gods who created this world have abandoned it. In their mercy, however, they chained the rogue god and the monstrous creatures he created to plague mortalkind in the vast and inhospitable wasteland of the Bourne. The magical Veil that contains them has protected humankind for millennia and the monsters are little more than tales told to frighten children. But the Veil has become weak and creatures of Nightmare have come through. To fight them, the races of men must form a great alliance to try and stop the creatures. But there is dissent. One king won't answer the call, his pride blinding him even to the poison in his own court. Another would see Convocation fail for his own political advantage. And still others believe Convocation is not enough. Some turn to the talents of the Sheason, who can shape the very essence of the world to their will. But their order is divided, on the brink of collapse.
