The Universe in Your Hand

Christophe Galfard

Imagine if *The Hitchhiker's Guide to the Galaxy* were a real handbook ... Internationally renowned astrophysicist Christophe Galfard takes us on a wonder-filled journey through the past, present and future of the universe, a journey into science fact. *The Universe in Your Hand* is a popular science book that aims to explain Quantum Mechanics, General Relativity and String Theory using storytelling instead of graphs and equations. It transports us to the surface of our dying Sun, flies us to distant galaxies and puts us into the deathly grip of a Black Hole, and explains the mysteries of physics in language that will leave no reader behind.

Sinatra

J. Randy Taraborrelli

Frank Sinatra was one of the most influential entertainers the world had ever seen. He was also one of the most complex - generous, a loyal friend, a champion of causes, a devoted son and father, unpredictable, a loud-mouthed tough guy and a womaniser. What drove the skinny kid with a voice and a dream from an Italian neighbourhood in New Jersey to become an international superstar and one of the most important cultural figures of the twentieth century? Written by acclaimed biographer J. Randy Taraborrelli, *Sinatra* is based on in-depth research, including hundreds of interviews. From the women he loved, including Ava Gardner, Mia Farrow, Marilyn Monroe and Elizabeth Taylor to his ties to the Rat Pack, from his mob connections to his friendship with the Kennedys, Frank's life was full of excitement, danger and passion.

These Things Happen*

Greg Fleet

For 25 years Greg Fleet has been one of Australia's best known and loved comedians. For the same period he's had a drug habit that has delivered him comedy and tragedy in equal parts. *These Things Happen* is Fleet's hilarious, heartbreaking account of the life-or-death battle for his soul. On the high road: a genius wit and prodigious work ethic takes him from NIDA and *Neighbours* to acclaim and adoration on stand-up stages all over the world. On the low road: a yearning for true love mutates in the maelstrom of addiction and leads to an extraordinary downward spiral featuring faked and near deaths, a six-month romance with ice, rock bottom and, just maybe, redemption. Greg Fleet weaves the most mesmeric of memoirs. Part sweet poison, part guilty pleasure, from first gentle kiss to hate-fuelled wrecking ball. These things happen.

The Narcissist You Know*

Jo Burgo

Are there people in your life who dominate every social situation or work meeting? In their presence, do you feel ignored, insignificant and even humiliated? If so, chances are that you are dealing with a narcissist. Extreme narcissists make up 5 per cent of the population. Chances are, you have a best friend, partner, mother, or boss who is a narcissist. Narcissists do not empathise; there is no give and take; they never admit mistakes. Narcissists deplete the confidence of those around them in order to stay on top. If you have one in your life, you need help. With more than thirty years of experience studying personality disorders and treating extreme narcissists, Dr Joseph Burgo has developed a useful guidebook to help you defuse hostile situations and survive assaults on your self-esteem should you ever find yourself in an extreme narcissist's orbit.

Final Solution

David Cesarani

The Holocaust has never been so widely commemorated, but our understanding of the accepted narrative has rarely, if ever, been questioned. David Cesarani's sweeping reappraisal challenges accepted explanations for the anti-Jewish politics of Nazi Germany and the inevitability of the 'Final Solution'. The persecution of the Jews was not always the Nazis' central preoccupation, nor was it an inevitable process. Cesarani also reveals that in German-occupied countries it unfolded erratically, often due to local initiatives. Ghettos were improvised while the mass shooting of Jews during the invasion of Russia owed as much to the security situation as to anti-semitism. In this new interpretation, war is critical to the Jewish fate.

A Dog's Gift

Bob Drury

A decade ago, former military counterintelligence officer Terry Henry joined his precocious young daughter, Kyria, on a trip to a nursing home in order to allow its residents to play with their family dog, a golden retriever named Riley. Terry was astounded by the transformations that unfolded before his eyes. Soon after, Terry and Kyria started their service dog organization, paws4people, with the goal of pairing dogs with human beings in need of healing, including traumatized and wounded war veterans and children living with physical, emotional, and intellectual disabilities. In *A Dog's Gift*, award-winning journalist and author Bob Drury movingly captures the story of a year in the life of paws4people and the broken bodies and souls the organization mends.

Peter O'Toole
Robert Sellers

Peter O'Toole was supremely talented, a unique leading man and one of the most charismatic and unpredictable actors of his generation. Described by Richard Burton as 'the most original actor to come out of Britain since the war', O'Toole regularly seemed to veer towards self-destruction. With the help of exclusive interviews with colleagues and close friends, Robert Sellers paints the first complete picture of this much loved man and reveals what drove him to extremes, why he drank to excess and hated authority. But it also describes a man who was fiercely intelligent, with a great sense of humour and huge energy. Always insightful, at times funny, at times deeply moving, this is a fitting tribute to an iconic actor who made a monumental contribution to theatre and cinema.

Judy & Liza & Robert & Freddie & David & Sue & Me...
Stevie Phillips

The woman who took care of Judy Garland, held Liza Minnelli's wedding to Peter Allen in her living room and dealt with Burt Reynolds as well as many other celebrities tells all... No star burned more ferociously than Judy Garland. And nobody witnessed Garland's ferocious talent at closer range than Stevie Phillips. During the "Mad Men" era, Stevie Phillips was a young woman muscling her way into the manscape of Manhattan's glittering office towers. After a stint as a secretary, she began working for the legendary duo of Freddie Fields and David Begelman at MCA under the glare of Lew Wasserman. When MCA blew apart, Fields and Begelman created CMA and Stevie went along. Fields convinced Garland to come on board and Stevie became, as she puts it, "Garland's shadow", putting out fires - figurative and literal - in order to get her to the next concert in the next down-and-out town.

Reginald Kray

The Kray twins were Britain's most notorious gangsters. Ruling London's underworld for more than a decade, as gang lords they were among the most powerful and feared men in the city. Photographed by David Bailey and even interviewed for television, they became celebrities in their own right and are infamous to this day. Ronnie and Reg's reign of terror ended on 8 March 1969 when they were sentenced to life with the recommendation that they serve at least thirty years. Ronnie ended his days in Broadmoor - his raging insanity only controlled by massive doses of drugs. Reg served almost three decades in some of Britain's toughest jails before being released on compassionate grounds in August 2000. He died of cancer eight months later.

Underbelly: Where the Bodies are Buried
John Silvester and Andrew Rule

It's the missing link - the story that ties the **Underbelly** cast of characters to a series of unsolved crimes that have taunted police and haunted victims' families for decades. That includes at least three brazen heists totalling \$6million - and four murders as dark and as daring as any in the history of Australian organised crime. The story comes from an old friend of **Underbelly** identity Carl Williams, the one-time suburban burglar who became the powerful drug dealer and gang boss who started the gangland war to avenge himself on his underworld enemies, the Carlton Crew. Jock wasn't a crook but he knew plenty of them: he was a favourite of Tony Mokbel's back when Mokbel carefully cultivated contacts in sports he could bet on. Mokbel will die in jail and Williams and his violent henchmen Dino Dibra and 'Benji' Veniamin were both shot dead. But Jock has lived to tell the tale of where the bodies are buried. This is it.

That's Entertainment: My Life in The Jam

Rick Buckler and Ian Snowball

Rick Buckler's autobiography is the first from a member of The Jam, who some considered were the ultimate Mod band. Rick tells The Jam story from growing up in Woking and meeting fellow members Paul Weller and Bruce Foxton at school, through their formation in 1972 and tells of the band's early years before signing to Polydor records. He provides a year by year account of The Jam's progress whilst describing what it was like being a part of the music industry during the 70's and 80's and some of the characters who he met along the way including the Ramones, John Entwistle, Sid Vicious, Blondie, Boy George and Paul McCartney. Rick shares his own experiences and thoughts about what it was like to be in one of the UK's most successful bands who spent a great deal of time recording, performing and touring. Following The Jam's split in 1982, Rick gives a candid account of how he coped and his subsequent relationship with Paul and Bruce.

Smart Blonde Dolly Parton

Stephen Miller

In this revised edition of his definitive biography of Dolly Parton, Stephen Miller has updated his original book on the superstar. Going behind the larger-than-life image to discover what makes Dolly tick, Miller gets to the core of a remarkable woman from a poor East Tennessee background who made it in the male-dominated world of Sixties Nashville and went on to build a respectable movie career. Talking to Dolly's family members, musicians and producers, the author explores Dolly's private life, including her closely-guarded relationships with her husband of nearly fifty years, Carl Dean, and her lifelong friend Judy Ogle. What emerges is a unique portrait of a strong woman who took control of her life, her music and a successful business career with resolute determination.
